Get More Done. Without Sacrifice.

The Galaxy XCover Pro elevates the capability of every team member by enabling them to perform multiple tasks all on one device, no matter where the job takes them.

Pro

Built Tough for Hard Work.

Built to stand up to the challenges of the real world without sacrificing on experience. The XCover Pro provides the ability to do more with a single device, the confidence to work anywhere at any time, and the freedom to customize its capabilities.

Work Anywhere. Without Sacrifice.

Military grade protection for your phone means you can carry it confidently, unafraid of knocks and bumps. The Galaxy XCover Pro is MIL-STD-810G certified, IP-68 rated and can withstand drops from 1.5m.

Workflow Never Stops

Do more with a single device. Capture worksite comments, view pictures in high resolution and access key business applications, all while keeping your gloves on. With enhanced touch and glove mode the Galaxy XCover Pro reacts to you and your conditions, not the other way around.

Power for Hours.

Your work does not stop and neither does the Galaxy XCover Pro. A replaceable, long lasting, fast charging battery that keeps your day going without interruption. Create, edit and collaborate all day and if the job is still not done, you can now simply and quickly remove and replace your battery to keep on going.

Edge-to-Edge Screen. Limitless Possibilities.

No need to worry about where your job takes you or how you'll protect your device. The Galaxy XCover Pro is rugged yet elegantly designed and boasts a 6.3" edge-to-edge display featuring Corning® Gorilla® Glass 5.

Communication Should be Seamless.

Galaxy XCover Pro features two programmable buttons to support functionalities such as push-to-talk, scanning and other frequently used business applications.

Easy to Use.

Provides an easy-to-use and familiar environment, the Galaxy XCover Pro features Android 10 and Samsung One UI 2 which reduces learning curves and increases user adoption.

Working has Never Been so Smooth.

Help your business grow while enabling your team to work smarter. You can now accept payments without the need for additional hardware. The Galaxy XCover Pro has EMV Level-1 that makes it mPOS-Ready.

Defence-Grade Security.

Safeguard your business with powerful, around the clock protection built from the chip up. Mobile security that is both advanced and comprehensive including fingerprint authentication.

SAMSUNG Galaxy XCover Pro

Why is the Galaxy XCover Pro the best phone for front-line workers?

- It's dust and water resistant (IP68)
- Able to survive a drop from a table/pocket* (a case can be added for high drop requirements)
- Has a large, bright, readable screen
- All-day, replaceable battery
- Tested to withstand high/low temperatures
- Cost-effective enough to deploy to the entire workforce
- Easy to use
- Light enough to carry all-day
- Familiar look and feel (proud to own, carry, engage customers)
- Flexible and multi-purpose (3rd party accessories and software/applications can be added to address specific use cases)

*tested for drops up to 1.5m
