

The new Sonim XP5plus 5G.

Legendary toughness to meet the demands of today.

sonim XP5plus 5G

A better way to two-way.

Today, work takes us more places than ever and we need to stay connected from each one. Enter the new Sonim XP5plus 5G. With support for AT&T Enhanced PTT that enables LMR interoperability, the XP5plus 5G provides reliable, fast, and secure communication across devices. Plus, it's optional top-mounted volume control and channel select knobs offer radio-like functionality.

Rigorous IP68, IPx9K, MIL-STD-810H and Class 1-3, Div 2 ratings protect against the elements, including water, drops and dust. And it has plenty of upgrades—5G, improved OS, optional eSIM functionality, more memory, more powerful and faster charging. Count on staying connected, when it counts most.
